The corn shrivels, then comes right off, painlessly, without fussing or trouble. If you have ever made a fat bundle out of your toe with bandages, used thick, corn-pressing cotton-rings, corn-pulling salves, corn-teasing plasters—well, you'll appreciate the difference when you use "GETS-IT." Your corn-agony will vanish. Cutting and gouging with knives, razors, files and scissors, and the danger of blood-poison are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.

TALKED ABOUT AT WESTERLY

Calls Outside the Fire Limits Expensive—Chimney Spark Causes Roof Blaze—Obituary Notes.

The frequent calls recently upon the fire department of the Westerly Fire district to fires not in the limits of the district, has raised the dual question as to the policy of leaving the district partially unprotected and whether the district should be called upon to pay the expense for out of the district calls. Last Sunday one of the motor-drawn trucks was called three times to fires within the district and at a cash expense to the tax-payers of the fire district of \$30. to say nothing of the cost of oil, gasoline, the wear on the tires and on the apparatus. The driver receives \$10 for each run, a decidedly economical plan for the operation of the machine, where the fire alarms within the district will average about one a month.

The fires of Sunday were all brush fires and the local apparatus, therefore of no value to cope with the blaze, there being no water system outside the fire district—no hydrants with which to connect hoses. So all the firemen could do was to join the assembled fire fighters and assist in beating out the blaze. So the call for assistance could be had by a call upon established grange as well as upon the central fire house and without lessening the protection in the Westerly Fire district, and placing the grange, the parties benefited, rather than upon the tax payers of the fire district.

NORWICH TOWN

First Baptist Pastor and Singers Furnish Consoling Service at Sheltering Arms—Rev. Mr. and Mrs. William Zumbro Returning From India.

Nearly thirty people gathered for the Sunday afternoon service at the Sheltering Arms, conducted by the Rev. G. H. Strouse. The musical part was in charge of five young ladies, the piano accompanied by Miss Vera Stetson, violinist, the others being the Misses Grace Mitchell, Ruth Phillips, Gladys Meier and Myra Frink.

Mr. Strouse read and commented upon some passages from Revelation: "God shall wipe all tears from their eyes," that must be a different world from this. "I will wipe the water of life freely." "No temple therein;" we shall be constantly in God's presence, and need no house of worship. "No night there." "There shall be no wise enter into it anything that defileth." What shall we do in Heaven? This is answered by the words, "And his servants shall serve Him." We do well to look now and then at the picture of the future that is given us.

Several familiar hymns were sung including: Nearer, My God, to Thee, I'm the Child of a King. Prayer and benediction closed the service.

COMMUNITY THE BETTER

FOR GEN. HARLAND'S INFLUENCE

Appreciation Expressed by an Acquaintance of His Childhood.

These passages from a letter recently received here will be of interest to many of our readers:

I have read with real sorrow the account of Gen. Harland's death contained in the newspaper which you kindly sent me last week. I cannot remember when I did not know Gen. Harland. In my childhood he was kind to the little boys of the neighborhood. He was about four years older than myself and in later years after I settled in Columbus, no one greeted me more cordially than he did on the occasion of my annual visits in Norwich. Only last summer I went twice up on the hill and joined him in a very pleasant talk about old times and old people familiar to each of us.

I remember perfectly his sister Elizabeth who was older than he was, and particularly his sister Ruth who was about a year younger than myself. I remember perfectly what a grand thing I thought it was when he entered Yale college. He graduated in 1853 the year I came to Columbus.

When the war of the rebellion broke out he went as a captain in the hundred days service and when he was mustered out he recruited a three years regiment in which our brother, Tom Marvin Waite, and other young men enlisted. Nothing of importance to me and I have always taken a pride in his career because he was a neighbor of yours and a kind friend of mine.

As a citizen he was a strong, good man and the community in which he spent his long life was the better for his influence upon it. He was, I believe, the last of those who were up-town boys when I was a child, and his death leaves a void in my associations which cannot be filled.

Experiences Related.

There was a good attendance at the 7 o'clock service Sunday evening in the First Congregational chapel when former members of the Christian Endeavor society sold of early experience of the organization. The subject was Different Tests, and tests in public and business and daily life were none of them. Dr. Jeckyl and Mr. Hyde was reviewed.

Miss Helen M. Lathrop as first corresponding secretary, gave reminiscences. There have been only three corresponding secretaries in the history of the society, Miss Lathrop, Mrs. Harriet Hyde Zumbro who held the office after Miss Lathrop, until she went to India; and the present secretary, Miss Jessie E. Hyde. Miss M. E. Wattles told of starting the Junior C. E. which she was for ten years superintendent. Work along different lines now being done was noted; the iron-clad pledge has been one cause of the society's strength.
